DEMOCRATS REORGANIZE THE STATE COMMITTEE ADOPT REORGANIZATION REPORT.

To Secure Confidence by a Change in its Leadership—New State Chairman and National Committeeman.

The Democratic State Committee, composed of the County Chairmen from all the counties of the State, with other party officials met in Harrisburg on last Thursday to consider the matter of party reorganization. S. Miley Miller, Chairman of the Democratic County Committee of Adams County attended the meeting. Secretary Wm. E. Kapp was also present. There was a full attendance from every part of the State. After the meeting was called together and the Democratic Congressmen from Pennsylvania and the Reorganization Committee had been given the privilege of the floor, Vance C. McCormick, chairman of the Reorganization Committee presented the following report which clearly presents the Democratic situation in Pennsylvania:

To the Democratic State Central Committee of Pennsylvania:

"Gentlemen—In April last your body met at Harrisburg in public conference with leading Democrats from various sections of the State to determine upon means for best promoting the interests of the Democratic party in Pennsylvania and securing its thorough and efficient organization in the State.

"At this conference there was adopted a resolution in these words:

"Resolved, That a committee of five, of which Vance C. McCormick shall be chairman, shall be appointed by the chairman of the State Central Committee to assist the State Central Committee in raising a fund of \$20,000 to be used in promoting the organization of the party."

"Pursuant to this resolution your State chairman appointed a committee composed of George W. Guthrie, of Allegheny county; George Simons, of Elk county; Samuel H. Price, of Lackawanna county; Joseph P. McCullum, of Philadelphia, and Vance C. McCormick, of Dauphin county, chairman.

"With the exception of Mr. Simons, who failed to act, those who were thus named accepted their appointment, entered upon the duties thereof, and now beg leave to report as follows:

Sent Out Letters.

"Shortly prior to the date fixed for the holding of the State convention we met and adopted a form of letter to be sent to Democrats throughout the State, asking for contributions toward the fund to be raised for 'promoting the organization of the party,' and this form of letter we sent to the different county chairmen with the request that they should furnish us with the names and addresses of the Democrats in their counties to whom they deemed it appropriate that such a letter should be sent.

"We had scarcely entered upon our duties when the State convention was held at Allentown.

"That the outcome of that convention was disappointing not only to the great majority of the Democrats of the State, but to citizens generally is a fact now conceded by all men. What had therefore been party hope was torn asunder and your special committee found itself utterly unable to accomplish the purposes for which it had been appointed. September 8th, 1910, therefore, it sent to your State chairman a communication, of which the following is a copy:

Harrisburg, September 8th, 1910. Hon. Arthur G. Dewalt, Chairman of the Democratic State Central Committee of Pennsylvania, Harrisburg Pa.:

Dear Sir—In reply to the inquiries as to what is being done by the special committee of five appointed to raise a fund of \$20,000 to be used in promoting the organization of the Democratic party in this State, I beg to inform you that, with the exception of Mr. George Simons, who was unable to attend the meetings, the members of the committee met and unanimously concluded that the unfortunate dissensions which have recently arisen in the party render it inopportune and inadvisable for the committee to attempt a performance of its duties until after the November election.

The committee was appointed not to raise a campaign fund for any particular campaign but was elected solely to raise a fund with which to promote and help organize a united and harmonious democracy.

The regrettable turn of affairs, however, since the recent State convention tends to make ineffective, at this juncture, any efforts on our part to attain the desired end.

Very respectfully,
VANCE C. MCCORMICK,
Chairman.

A Disastrous Election.

The election of November 8th, then came on. It was disastrous, for while the Democracy of Maine, Massachusetts, New York, Connecticut and New Jersey rejoiced in great triumphs

then achieved, the Democracy of Pennsylvania beheld the spurning of the opportunity to redeem their State. They witnessed victory thrown away and saw the sinking of their party to third place in the poll of votes, a depth lower than any ever reached before, its candidates securing but 129,000 votes out of 449,000 cast by the Democracy for its Presidential nominee two years before.

"So astounding was all this that within three days after the election your State Chairman, Hon. Arthur G. Dewalt, issued publicly a circular letter decrying the conditions in the party. He termed it 'A Call to Arms—A Warning and an Appeal.' Therein he said: 'In Pennsylvania the Democracy by the last election has received its warning. There are over 450,000 Democrats in this State, and yet only 120,000 voted for Grim.' He asked, 'What were the reasons?' and then himself proceeded to state the leading causes in this language: 'First, dissatisfaction with party management and distrust of party leadership, however well or ill-founded.'

Demanded a Change.

"That he thus presented the situation accurately, no one can gainsay. Since the election this special committee has made investigation in and secured reports from every quarter of the State and all tend to confirm that which our State Chairman thus so forcibly expressed. From all sections came demands for change in party management and on January 19 last we received a communication in writing from the entire Democratic delegation to the next Congress in which, addressing us as 'your special committee,' they requested that steps be taken toward a thorough reorganization of the Democratic party in Pennsylvania, and suggested 'the propriety of an early meeting of the Democratic State Committee for the purpose of considering the situation and the taking of such action by said State Committee as shall re-establish the Democratic party and its organization in the confidence of the vast body of voters who desire to use the party as the instrument for the redemption of the State.' Their request has been joined in by a great majority of the Democratic members of the State Legislature. We annex to this report a copy of the communication of the Congressional delegation, in accordance with whose suggestion we have—through the signed call of the requisite number of your members—brought about a special meeting of your body to consider and act upon the question of the reorganization of the Democratic party in this State.

"There should be such a reorganization as will make the party management thoroughly responsive to the demands of the people—as will bring back to the party standard every true Democrat who believes in Jeffersonian principles, as will fittingly invite the great independent citizenship of the Commonwealth to join us in redeeming the State from misgovernment.

"Such reorganization cannot be effected save by that complete change in leadership, in methods and in policies which the election returns of November last so tellingly demand.

Recommendations.

"Nothing less should be proffered for nothing less will do. We therefore, recommend as the first step in this direction:

"That for the purpose of carrying out these recommendations and securing the filling of the vacancies to be created thereby in a manner which will command the confidence of the whole party, a committee of seven persons to be appointed, three to be selected by the chairman of the State Central Committee, and one by the Democratic members of the Sixty-second Congress from this State, with power to select a new chairman of the State Central Committee, and a new member of the National Democratic Committee, their report to be made in fifteen days, and to final and binding on all parties, and to proceed with the future reorganization of the party on the lines recommended as rapidly as possible.

"If this is agreed to, we are willing to proceed with the purpose of our appointment, with a strong assurance that we will be able to secure from a large number of contributors the money needed for the proper purposes of the party and so relieve it from the humiliating position of being dependent for existence on the contributions of one or two men, who supply the money and dictate its use; and in return assert the right to control party action. Otherwise, we believe it impossible to accomplish the purpose of our appointment and request you to accept our resignation.

(Signed)

"GEORGE W. GUTHRIE,
"JOSEPH P. McCULLUM,
"SAMUEL B. PRICE,
"VANCE C. MCCORMICK,
"Committee."

At the conclusion of the reading of the above report a motion was made to adopt the report. A substitute motion was made suggesting seven names as committee on reorganization, but this amendment was lost by a vote of 42 to 39.

The N. H. Musselman Wood Sale on Thursday, March 9th, instead of Friday, March 10th, as elsewhere advertised.

The vote on adoption of report was then taken and Adams county led the way for reorganization by voting for the report and the report won by the close vote of 41 to 40.

As far as can be learned there has been but one view in Adams county, and that is that Chairman Dewalt hit the nail on the head when he declared after last fall's election that the result was due to "First, dissatisfaction with party management and distrust of party leadership, however well or ill-founded." Adams county demonstrated this in a peculiar way. Mr. Berry had alienated Democrats in this county while State Treasurer and there was little or no love for him here, yet dissatisfaction with State leadership was such that Mr. Berry received many Democratic votes.

In the face of this demonstration there was but one view for the Chairman of the Democratic County Committee to take and that was to support reorganization, so that the party should recover full confidence and trust in party management in the State. This position Mr. Miller stood for and in his stand has a unanimous Democracy of the County back of him.

DISTINGUISHED NATIVE DIES

JUDGE SAMUEL D. SCHMUCKER
OF MD. COURT OF APPEALS

Death Follows an Operation for Gall Stones—Deaths in Town and County.

Judge Samuel D. Schmucker, one of Gettysburg's distinguished sons, an honored Justice of the Maryland Court of Appeals and one of the most prominent members of the legal profession of Baltimore and Maryland, died on last Friday, March 3d, at the Union Protestant Infirmary, Baltimore.

Judge Schmucker has been in bad health since the death of his wife last May. During the summer he took a trip abroad, visiting the springs at Carlsbad, Germany. He returned much benefitted but the trouble had not been eliminated and he grew worse and Feb. 24 underwent an operation for gallstones. During this illness he had not given up his work and attended to his duties on the Bench until a short time before entering the hospital.

Judge Schmucker resided in Baltimore for nearly 50 years. He was born in Gettysburg, Pa., February 26, 1844 and was the son of the late Rev. Dr. S. S. Schmucker, one of the most prominent Lutheran divines of his day and former president of the Theological Seminary, the General Synod of the Lutheran Church for 40 years. The Judge was graduated from Gettysburg College in 1863 and served as a sergeant in the Twenty-sixth Pennsylvania Regiment, Union Army. He was graduated from the law school of the University of New York in 1865, and the following year he came to Baltimore to take up the practice of his profession, associating himself with Mr. George Whitelock.

He was president of the Bar Association of Baltimore for several years and president of the board of trustees of the Baltimore Orphan Asylum, trustee of the Home for Aged Men and Women, of the Henry Watson Children's Aid Society, the Society for Protection of Children, the House of Reformation, Maryland Bible Society, Maryland Tract Society and the Maryland Sunday-School Union. He served as a member of the commission that prepared the new charter for Baltimore city, as a member of the Courthouse Commission and on the committee appointed to draft the Negotiable Instrument law that was adopted by the Legislature during the session of 1896. Governor Lowndes appointed Judge Schmucker to the bench in 1898 to succeed the late Judge William Shepard Bryan, and he was elected for the full term of 15 years in 1899.

Judge Schmucker married Miss Helen Bridges, daughter of the late John C. Bridges, of Baltimore, in November, 1869. They had no children. Coming to Baltimore with very limited means he soon gained recognition and came to be regarded as one of the most able lawyers in the State. He was greatly interested in charity, and his various connections with charitable institutions gave him ample opportunity for the exercise of his benevolent impulses. He was an active and zealous worker on all the boards upon which he served, and his advice and purse were always at the disposal of workers among the poor.

Spring Sales in Adams County-1911

Spring sales to be successful must have bidders who want the goods sold. Bidders go to sales because of information in hand of stock or property to be sold that they want. The business of every farmer having a sale is to give information to bidders of what is to be sold so as to induce them to come to sale. In other words every sale should be thoroughly advertised to bring the bidders and make a good sale. The COMPILER has been considered the best medium in the county for the advertisement of spring sales. Send or bring in your sale lists to the COMPILER and make sure that the thousands who read the COMPILER will have the opportunity of knowing what you have to sell and going to your sale for the advertised goods.

THE COUNTY SEAT ROAD BILL.

An examination of the Sproul bill providing for 5000 miles of state roads connecting County Seats contains many commendable features. A Highway Department is created with a Commissioner to be appointed by the Governor and a large office force is provided, the employees subject to removal or discharge by the Commissioner. While the spending of many millions might tend to increase the hold of the machine on the throat of the people, yet as the bill is framed the people at any Guber Natorial election could change the department from top to bottom.

The bill abolishes all turnpikes and toll roads, takes over State roads already built and authorizes to be constructed, improved and maintained at the expense of the State 203 state roads, the following being of special interest to this County.

Route 41 from Carlisle to Gettysburg, commencing in Carlisle and running by way of Mount Holly Springs, Hunter's Run and Aiga to a point on the dividing line between Cumberland and Adams Counties and thence by way of Bendersville, Biglerville and Goldenville into Gettysburg.

Route 42 from Gettysburg to the Maryland State line commencing in Gettysburg and running by way of Littlestown to the Maryland State line.

Route 43 from Gettysburg to Chambersburg commencing in Gettysburg and thence running by way of Mc Knightstown and Caston to a point on the dividing line between Adams and Franklin counties and thence by way of Fayetteville into Chambersburg.

Route 44 from Gettysburg to the Maryland State line commencing in Gettysburg and running by way of Fairfield and Fountaindale to the Maryland line.

Route 123 from Harrisburg to Gettysburg commencing in Wormleysburg opposite the city of Harrisburg and running by way of Lemoyne, Shepherdstown, Dilisburg and Clearspring to a point on dividing line between York and Adams Counties, thence by way of York Springs and Plainview into Gettysburg.

Route 125 from Gettysburg to York commencing in Gettysburg and running by way of New Oxford and Berwick to York.

Route 180 from Harrisburg to the Maryland line, commencing in Wormleysburg opposite the city of Harrisburg and running by way of Wellsburg, Hall, East Berlin in Adams County, Hanover to the Maryland State line.

The roads are to be not less than 16 feet wide and to be Macadam, Telford or other stone road and to be marked with sign and distance boards. It will be observed that roads will be built in and through the boroughs so that there will be no breaks in the state roads and gas, water, electric conduits and street railways may occupy the roads but under conditions prescribed by the department.

Perhaps the most objectionable feature in the bill as drawn is the authority to the State Highway Department to do the work in the event if in the judgment of the commissioner economy in the first cost and greater efficiency in the work of construction can be obtained. Such a proviso might be perverted into a system of favoritism for party or other reasons that might make the worst kind of inefficiency. Unless bill is loaded by amendments for machine purposes, it looks now like a good thing.

First English Horse Races. Chester possesses plausible claims to be the birthplace of the British turf. It was one William Lester, who about 1609, "being mayor of Chester, did cause three silver bells to be made of good value to be run for upon the Broad Dee."

This seems the earliest definite establishment of a horse race. From the nature of the prize was derived the proverb "To bear the bell," though the bells in this case existed long before the "ring." Our ancestors being more easily satisfied in the matter of amusement than their degenerate descendants there was apparently only one contest. The "Chester cup," which has been substituted for the "best bell," is now worth \$2,500, to say nothing of Cheshire cheeses for the three placed horses.—Westminster Gazette.

THE ARGUMENTS FOR POPULAR ELECTION OF SENATORS

The Great Express Monopoly—Exercise—The New Science of Management in Business.

Popular Election of Senators.

The arguments in behalf of popular election can not be stated more succinctly than as they were summarized by Senator Owen in his speech of January 9, 1911, on the Lorimer case.

(1) Such a method would obviate deadlocks in state legislatures. During the past twenty years some fifteen or sixteen contests in different states have been carried on with such bitterness that the body charged with electing senators has proved powerless to fulfil its function. In some instances special sessions for the filling of vacancies have been held, and by reason of prolonged delays some states have been deprived for a considerable period of their equal suffrage in the upper house.

(2) It would compel candidates to be subjected to the severe scrutiny of a campaign before the people, and would promote the selection of the best qualified men. The people of the states very rarely elect an unfit governor. Under similar conditions there is little reason why they should any longer return to Washington an unworthy senator.

(3) It would prevent interference with state legislation by violent contests over the senatorship. It is frequently true that a senatorial election not only pushes aside all matters of local interest in so far as the election of members to the legislature is concerned, but that it also occupies weeks, sometimes months, of the entire session of the legislature, to the great detriment of the state's public business. There is no essential reason why this distraction of interests and waste of time should be perpetuated.

(4) It would prevent improper use of money and the corruption of legislatures. In view of recent developments, one is tempted to say that the most threatening evil in our political system arises from the comparative ease with which men of means and ambition, men who could not in a hundred years get a high public office by the popular suffrage, can ride over the heads of the people into the United States Senate. Altogether too many candidates have found it possible to buy a legislature who would have been balked completely by the problem of corrupting a state.—Frederic Austin Ogg, in THE WORLD TO-DAY for March.

The Great Express Monopoly.

A writer in the March AMERICAN MAGAZINE calls public attention to a gigantic monopoly which for years has escaped publicity and which has been fattening on unheard of profits wrung from the people by the exercise of usurped privileges. This monopoly is that controlled by the great express companies, six of whom execute 90 per cent of the country's express business. Mr. Atwood, the author of the article shows that these companies by agreements between themselves, have never entered into competition with each other, and rates, arbitrarily determined, are never cut. Mr. Atwood wants to know why the U. S. Post Office runs at a loss and why the express companies have repeatedly declared enormous dividends to their stockholders. Speaking of the entire lack of competition between the express companies, Mr. Atwood writes:

"At first thought there would appear to be competition among the different companies on one occasion at least, that is, when a railroad contract expires. But unfortunately there is competition only as to which company will pay the railroads most for the privilege. Consequently the bigger the payment the more the public must be charged to enable the express company to make the large profits to which it is accustomed. Indeed, the public is better off when there is least expiration of contracts, for the railroads are demanding more each year from the express companies. Formerly the railroads did not expect more than 40 per cent. of the gross receipts where the business was heavy, whereas now 55 and 57 1/2 per cent. are the customary percentages for a choice contract."

For a Long Life—Exercise!

"Paradoxical as it may seem," says Dr. Woods Hutchinson in OUTING for March, "those who work hardest are most in need of exercise. Some of our hardest working occupations show a very high mortality from tuberculosis. (Continued on page three.)

Rescue the aching back. If it keeps on aching, trouble comes backache is kidney aches. If you neglect the kidney warning, look out for urinary trouble—diabetes.

This Gettysburg citizen will show you how to go to the rescue.

Harry J. Tawney, 9 Steinwehr Ave., Gettysburg, Pa., says: "We publicly endorsed Doan's Kidney Pills two years ago and at this time willingly speak in their praise again. My back ached almost constantly and at times I could hardly get around. The kidney secretions gave me much annoyance by their irregularity in passage and I was lame and stiff. Seeing Doan's Kidney Pills advertised, I procured a box at the People's Drug Store and they positively and permanently cured me. I have been in good health ever since. I know of a number of other people who have taken Doan's Kidney Pills and in each case benefit has been received."

OF MD. COURT OF APPEALS

Death Follows an Operation for Gall Stones—Deaths in Town and County.

Judge Samuel D. Schmucker, one of Gettysburg's distinguished sons, an honored Justice of the Maryland Court of Appeals and one of the most prominent members of the legal profession of Baltimore and Maryland, died on last Friday, March 3d, at the Union Protestant Infirmary, Baltimore.

Judge Schmucker has been in bad health since the death of his wife last May. During the summer he took a trip abroad, visiting the springs at Carlsbad, Germany. He returned much benefitted but the trouble had not been eliminated and he grew worse and Feb. 24 underwent an operation for gallstones. During this illness he had not given up his work and attended to his duties on the Bench until a short time before entering the hospital.

Judge Schmucker resided in Baltimore for nearly 50 years. He was born in Gettysburg, Pa., February 26, 1844 and was the son of the late Rev. Dr. S. S. Schmucker, one of the most prominent Lutheran divines of his day and former president of the Theological Seminary, the General Synod of the Lutheran Church for 40 years. The Judge was graduated from Gettysburg College in 1863 and served as a sergeant in the Twenty-sixth Pennsylvania Regiment, Union Army. He was graduated from the law school of the University of New York in 1865, and the following year he came to Baltimore to take up the practice of his profession, associating himself with Mr. George Whitelock.

He was president of the Bar Association of Baltimore for several years and president of the board of trustees of the Baltimore Orphan Asylum, trustee of the Home for Aged Men and Women, of the Henry Watson Children's Aid Society, the Society for Protection of Children, the House of Reformation, Maryland Bible Society, Maryland Tract Society and the Maryland Sunday-School Union. He served as a member of the commission that prepared the new charter for Baltimore city, as a member of the Courthouse Commission and on the committee appointed to draft the Negotiable Instrument Law that was adopted by the Legislature during the session of 1896. Governor Lowndes appointed Judge Schmucker to the bench in 1896 to succeed the late Judge William Shepard Bryan, and he was elected for the full term of 15 years in 1899.

Judge Schmucker married Miss Helen Bridges, daughter of the late John C. Bridges, of Baltimore, in November, 1869. They had no children. Coming to Baltimore with very limited means he soon gained recognition and came to be regarded as one of the most able lawyers in the State. He was greatly interested in charity, and his various connections with charitable institutions gave him ample opportunity for the exercise of his benevolent impulses. He was an active and zealous worker on all the boards upon which he served, and his advice and purse were always at the disposal of workers among the poor.

Spring Sales in Adams County-1911

Spring sales to be successful must have bidders who want the goods sold.

Bidders go to sales because of information in hand of stock or property to be sold that they want. The business of every farmer having a sale is to give information to bidders of what is to be sold so as to induce them to come to sale. In other words every sale should be thoroughly advertised to bring the bidders and make a good sale. The COMPILER has been considered the best medium in the county for the advertisement of spring sales. Send or bring in your sale lists to the COMPILER and make sure that the thousands who read the COMPILER will have the opportunity of knowing what you have to sell and going to your sale for the advertised goods.

REV. FORCHST Lutheran preacher of Abbottstown preached his farewell sermon Sunday last.

Rheumatism Relieved in 6 Hours.

Dr. DERTCHON's relief for rheumatism usually relieves severest cases in a few hours. Its action upon the system is remarkable and effective. It removes the cause and the disease quickly disappears. First dose 75c and \$1.00. Guaranteed to relieve or money refunded. Sold by J. H. Huber 10 19 6m

MRS JOHN H. FREED, of Abbottstown, fell down the stairs at her residence recently and bruised her back severely.

FULLY nine out of every ten cases of rheumatism is simply rheumatism of the muscles due to cold or damp, or chronic rheumatism, neither of which require any internal treatment. All that is needed to afford relief is the free application of Chamberlain's Liniment. Give it a trial. You are certain to be pleased with the quick relief which it affords. Sold by The Peoples Drug Store.

JAMES H. GARDNER, of Big Flat, whose child has to go four miles to school, demands that the school board either pay board, or transportation, on the grounds that suitable school facilities have not been furnished.

ACCIDENTS will happen, but the best-regulated families keep Dr. Thomas's Eclectic Oil for such emergencies. It subdues the pain and heals the hurts.

CHARLES F. REED of Fairfield killed a hog recently which dressed 407 pounds.

FICKLE weather. Dr. Fahrney's Teething Syrup is always dependable. Doctors prescribe it. Write for free sample.
